RE: SOLID WASTE AND SINGLE STREAM RECYCLING MANAGEMENT SERVICES
BFY18/20-1

The following information is added to the bid documents for the aforementioned subject bid.

QUESTION #1: Page #26 of the specifications list (2) 6 yard containers for recyclables for the Plainfield 232 East Second Street location yet pages 27 & 30 of the specs list just (1) 6 yarder. Please confirm the quantity of containers for this location.

ANSWER #1:

Correction: There shall be two (2) 6 yard containers at Plainfield 232 East 2nd Street for Single Stream recycling. Pages 27 and 30 should reflect same. The attached revised price page 1 of 4 cancels and replaces price page 1 of 4 of the original bid. Bidders must complete and submit the attached revised price with their bid and discard the original price page 1 of 4.

QUESTION #2: Page #27 of the specs state that during the months of June, July and August, the College may be closed on most Fridays and that a summer schedule will be provided to the awarded bidder. Can the summer schedule be provided to bidders prior to the bid opening so that any reduced service frequency can be reflected in the bidder's pricing?

ANSWER #2:

All services are priced based on individual unit price. When the College's schedule deviates from its normal operational schedule, and the College asks the contractor to provide more or less pick-ups, the contractor will charge their unit price times the number of pick-ups performed. Bidders shall submit their bid using the exact schedule of pick-ups detailed in the bid.

QUESTION #3: What is the current breakdown of the rates for the Trash/Recycling and the 30yd roll-off?

ANSWER #3:

Please see attached schedule of rate. Note that the current schedule includes pick-ups that are no longer needed as they are being replaced by single stream recycling pick-ups (implementation of single stream is starting with this bid).

Please complete below. A signed copy of this addendum, SIGNED BY AN OFFICER OF THE BIDDER AUTHORIZED TO DO SO, must be included with your bid submission.
